Last Wish, Memories Forever

Ambulance Wish Queensland

Inspired by two Hervey Bay paramedics who took a woman cared for by her palliative care team to her favourite beach, Ambulance Wish Queensland (AWQ) is the first program of its kind in Australia.

Developed for Queenslanders with life limiting illnesses, AWQ is the signature program of Palliative Care Queensland (PCQ) that showcase all the elements of what good palliative care is: physical, spiritual, holistic and psychosocial. Modelled on the Netherlands' charity program, Stichting Ambulance Wens, AWQ was launched by PCQ in July 2019.

Supported by the Queensland Government, Queensland Ambulance Service and the many sponsors of the program, expansion began in June 2022 with the launch of the Townsville AWQ Hub. PCQ plans to expand the AWQ program into more regions across QLD over the next two years.

Our Purpose

Our purpose is simple: to give Queenslanders living with a life-limiting condition access to the planning, coordination, specialist transport and clinical care they need to fulfil their last wish and create memories forever.

We are all individuals, but often near the end of life it's the simple things that matter most, like seeing your family home one last time, enjoying a picnic by the ocean or to see one last sunset.

Ambulance Wish Queensland brings together a team of skilled staff and volunteers using bespoke Wish ambulances, for those who would love to experience one last wish with their family and friends.

All Ambulance Wishes are free, however the volume of wishes that can be fulfilled is dependent on donations, bequests, fundraising and corporate sponsorships
